

STANDARD FORM NO. 64

File PSC-184-UM
Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, R & D
FROM : R & D / EP
SUBJECT: RS-6 Head sets

DATE: 6 Jan 54

Write Contract.

Perhaps OC & T would be interested in double headsets, of type procured by Agency (1000) for stock, for the RS-6A production. This would definitely result in increased cost in greater proportion than increase due to dual (4000 ohm) headset since the contract calls for single set & contractor has probably already ordered. (YACIW sez yes)

2 each Telex Earsets, model
4696, 2000 ohm impedance each
equipped with individual metal
ear clips (twin ~~cord~~ earset
units without headband); each
cord "Y" flexible, connecting
the earsets in series (length
from earset to junction
one (1) foot, overall length
from ears to terminals
5 feet terminated in phone
cord type.
